

BANDBIO

A marauding gang of electro swing artists, caught up in a parallel future, where life is dominated by steam-driven contraptions - the ELECTRONIC SWING ORCHESTRA stands for saxophone fronted, heavy bass driven sound that has been known to make venerable people get out of their deathbed to shake their hips again for a wild and rejuvenating dance.

Band members are Desna (Vocals), Jim Pansen (Piano, Synth, Rhodes, Organ), Lord Myland (Guitar, Horns, Accordeon), Fellini (Clarinet), Claudio (Saxophone) and Schmeckefuchs (DJ).

The Electronic Swing Orchestra hailing from Ireland and the Swinger Scene of Austria is currently based in Berlin. They prefer voluptuously produced sounds to the squeaky Shellack samples, that are so common in the Electro Swing Scene

PRESS

„Das Electronic Swing Orchestra [...] hat einem deutlich zeitgenössischeren Sound. Es veröffentlichte im vergangenen Jahr "The Electronic Swing Orchestra and the Mysterious Chaos Machine". Dort gibt es zwischendurch auch mal Technobeats zu hören, wenn alte Hits gesampelt oder remixt werden. Bis das Gewummer der Bässe dem Knistern des Grammofons weicht.“ - taz

„[...] In Berlin waren es die Dirty Honkers oder das Electronic Swing Orchestra, die mit Parties den Swing im neuen Gewand wieder aufleben ließen und ein junges Publikum damit erreichten.“ - wdr
